

Acknowledgments

In the process of completing this paper, I would like to express my heartfelt gratitude to my advisor, Asst. Prof. Dr. Jirapong Ruanggoon, and Asst. Prof. Dr. Nitidetch Kooathongsumrit. The entire process, from selecting the topic, proposing proposals, writing, revising, and finalizing this paper, is inseparable from the careful guidance of my advisors. Throughout the writing process, I learned many valuable lessons that have been beneficial to my life. Therefore, I would like to express my sincere gratitude to my advisors.

I would also like to thank Dhonburi Rajabhat University for providing me with training and all the teachers I encountered during my studies. Their hard work, patience, and rigorous guidance have broadened my horizons and deepened my understanding of professional knowledge. I also extend my thanks to all the authors whose works I have referenced and cited in my paper. Thanks to the wisdom of my predecessors, I was able to expand my thinking and gain the confidence to complete this paper. Additionally, I want to express my gratitude to my classmates for their companionship and assistance. They have provided me with invaluable spiritual motivation in my studies and life.

Finally, I want to thank my family for their selfless support during my studies and thesis writing. Their encouragement and companionship were instrumental in helping me successfully complete my studies at Dhonburi Rajabhat University."
