

## Acknowledgments

Time is a bird forever on the wing. Throughout my post-graduate study period, I have truly had a fulfilling life here. Not only have I had the opportunity to meet many knowledgeable professors, but I have also found genuine friends. I would like to express my heartfelt gratitude to all those who have provided immense support for my thesis. Without the help of my advisor, professors, classmates, and family, this thesis would not have progressed smoothly.

First and foremost, I would like to express my deepest gratitude to my advisor, who has been tremendously helpful in guiding my studies and providing invaluable suggestions and constructive criticisms for my independent study writing. Without his constant patient guidance and enlightening support, completing this thesis would have been an impossible task.

Secondly, I would also like to extend my heartfelt gratitude to other professors and teachers who have provided constructive suggestions for my independent study. I am truly thankful to them for guiding me in expanding my knowledge and helping me shape my thesis throughout this journey. I am grateful for their presence as witnesses to the birth, growth, and refinement of my independent study. Thank you for being with me every step of the way.

Thirdly, I am deeply indebted to my parents, as their unwavering mental and material support played an instrumental role in enabling me to complete the thesis within the allocated time. I am truly grateful for their assistance and guidance throughout this process.

Finally, I would like to express my heartfelt gratitude to all of my classmates for their unwavering support and warm hearts. Their continuous encouragement has made me feel as if I am part of a united and caring family. I am sincerely thankful for their presence throughout this journey.
