The past is merely a prelude. This expression of gratitude marks the beginning of the culmination of my pursuit of a Master's degree, spanning from the fall of 2021 to the summer of 2023. Reflecting upon the two years that have passed, they resemble fireworks - fleeting yet splendid, leaving indelible memories.

The next leap comes after the tranquility of the peach and plum. I owe a debt of gratitude to my mentor, a knowledgeable, meticulous, humble, and approachable teacher who has imparted invaluable wisdom and life lessons. This mentor has been an invaluable asset in my life, providing insightful guidance and detailed directions for my thesis, enabling its successful completion.

The mountains stand tall, the sea runs deep, and the spring bursts forth with greenery. I wish to express my heartfelt appreciation to my parents for their nurturing support and selfless efforts, ensuring uninterrupted focus on my studies. They have laid the strongest foundation for my growth and serve as my constant motivation to move forward.

Let dreams accompany the spirited colt. I commend your perseverance, progress, and unwavering dedication. As I venture into the future, I aspire to maintain a positive and cheerful outlook, to reach for the stars while staying grounded, and to continue my personal growth. The writing stage has now concluded, and I am grateful for all the interactions. May our futures be filled with prosperity for all!
