I would like to thank my advisor, Asst. Prof. Dr.Jirapong Ruanggoon, and Dr.Sookyuen Tepthong for their guidance in our studies and their concern for me in life. During the process of writing this paper, these teachers provided me with a lot of professional guidance and revision suggestions, which enabled me to successfully complete the paper. Additionally, I would like to express my gratitude to the many teachers at Dhonburi Rajabhat University who have a rich academic background. Their contributions have deepened my understanding of this major. I extend my thanks to all the teachers for their guidance, assistance, and support in my daily studies and life.
