

## Acknowledgments

Before anything else, I would like to express my deepest appreciation to Dr. Aree Ussavanuphap, my academic independent study advisor, for her compassionate, knowledgeable guidance, and support, all of which greatly inspired me as I conducted my research and wrote my thesis. This thesis would not have been possible without her determined assistance. I express gratefulness to my co-advisor, Pol. Maj. Gen. Dr. Kitpinit Usaho, for his invaluable support in completing my thesis paper.

Secondly, I would like to thank all the independent study defense committee, Assoc. Prof. Dr. Arunee Hongsiwat, Dr. Aree Ussavanuphap, and Pol. Maj. Gen. Dr. Kitpinit Usaho, they have all given me a great deal of professional suggestions, and I have gained a lot of knowledge from their insightful comments and suggestions for improvement. I would especially like to thank Dr. Aree Ussavanuphap for her invaluable knowledge on educational research and her unwavering assistance in making use of statistics.

The next one should be the three specialists to evaluate the suitability and correctness of the questionnaires and guidelines. I also need to say many thanks to Dr. Kris Phattaraphakin for helping me a lot during my master degree study period at Dhonburi Rajabhat University

I would like to express my gratitude for all the people I had the pleasure of working with at Kunming Medical University Haiyuan College while collecting data for my thesis. I would especially like to thank all of the college students who responded to my questionnaire and Mr. Xu Linyong, the college director, for allowing me to conduct my thesis there.

Lastly, I would like to say appreciation to my entire family, who supported me through each of the lows and highs of my research, for their encouragement.
